

J.M. FRY INKS

A FAMILY COMPANY

TEST YOUR FRYSPECTRO PERFORMANCE

**KEEP YOUR COLOR READINGS
ACCURATE, RELIABLE, AND READY.**

Regular performance checks help ensure your FrySpectro delivers accurate, reliable color measurements every time.

- **1** **DOWNLOAD THE NIX TOOLKIT APP**
(available for Android and Apple devices).
- **2** **LOG IN**
Log in by creating an account linked to your email.
- **3** **CONNECT YOUR DEVICE.**
- **4** **TAP THE SPECTRO ICON**
at the top right.
- **5** **ON THE NEXT SCREEN,**
select "Perform white tile normalization."
- **6** **ONCE THE TEST IS COMPLETE**
(it only takes a few seconds),
select "Send results to Nix."
- **7** **EMAIL NIX SUPPORT**
After sending scanned results, email
support@nixsensor.com. White tile scan
failures alert you immediately.

WHY TEST?

Regular performance checks ensure your FrySpectro delivers accurate and reliable color measurements every time.
